Introduction

During the winter months, cats are more likely to be found curled up on a chair than outside in the snow. They like the finer things in life — a warm fire, a soft bed, milk at precisely room temperature, and their owner's complete and undivided attention. But things are about to change.

Cats in Snow captures cats as you've never seen them before. From tortoiseshells to tabby cats, feisty felines to curious kittens, they're all in. . . you guessed it, snow! Whether they're up trees, under parked cars or buried up to their necks, this collection sees cats at their most majestic and adventurous.

This uplifting collection features over one hundred stunning photographs of cats of all shapes and sizes, stripes and spots. But while some of them learn to love the snow, others have clearly had quite enough of it, thank you. Enjoy them all in this unique and heart-warming insight into the life of our regal furry companions. They may be out in the snow, but these cats will truly warm your heart.

That feeling when
you forget to
include a door in
your snow fort

Those snow
boots might
have been a
good investment
after all

The first sign of
snow really brings out
the Grinch in me!

Would I be stupid
enough to try
eating snow?!

Let me in!

Wait, did I leave
the cooker on?

I would move but
my legs are numb

I'm ready
to go
home now

Gotta get
home before
Eastenders
starts!

It's not
funny
any more!

I said
DON'T
touch the
yellow snow!

Nope, nope,
nope, nope,
nope, nope

Is it time for
apres-ski now?

Well, this
is a
worryingly
thin branch
to sit on

I'm not the kind
of cat that sticks
to the beaten
track, you know?

Even if it takes
me all day, I'm
gonna build a
snowman!

I promise I
won't scratch
any furniture,
if you just
let me in...

The snow
can
indeed be
overwhelming
for many
cats

Did somebody say
'SNOW DAY'?!

I'm not coming down
from here for the
rest of the winter

I don't care if the snow really
brings out the colour of my eyes

Not up
to much
- just
chilling...

No, no, really it's
fine. You just
stand there, I'll do
this all by myself

Come and find me
when it's summer

A few inches of snow is not
gonna stand in my way!

So it all looks the same and it's
all freezing? Hmm.
You wanna go home?

Ok, who threw that?

Adorned in his winter
coat, the snow is no
trouble for this furry
yet fashionable feline

Why does it always snow
whenever I'm running late?!

Now, I don't mean to alarm
you, but I think we might be
stuck together

Get that camera
out of my face!

Supercat!

Brain freeze

It's just all so beautiful

Are you sure this isn't
still too commercial
for our album cover?

It's going to be a long
uphill struggle to regain
my beach bod

This is NOT fun

Whilst many cats love it,
the snow is certainly not
for everyone

We've all read the
survival manual, guys.
Huddle for warmth

They all said there
was no future in being
a cat snowplough...

IT WAS
SUMMER
WHEN I
WENT TO
SLEEP!

Brother! Help me!

Now, this is
how you look
good naked!

It's like walking in
custard - very
cold custard

I'm so pretty I
could be on a
Christmas card!

Now, this is what I
like to call cattitude!

I swear that I will find
something green!

Peekaboo!

Meditate - become
the falling snow

Time to channel my
inner snow leopard

Please don't let there
be any more hail

This scarf is fast becoming a
fashion disaster!

Leave me alone,
I'm hibernating

Is someone
making hot
chocolate?

Just five more
minutes outside mum!

If a cat falls in the woods,
can anyone hear it?

Bah, humbug

I may have
miscalculated
the depth of
this snow

Who'd have
thought that I
could be both
warm and
fabulous at the
same time?

My tongue is 100%
stuck to my nose

In a new take on an old
favourite: the snowcat

I think I caught a cold...

It's very cold...
but one day,
they're going to
come out!

Did you know I
got to the final
audition for the
Snow Queen?

Can you feel your tail?
I'm not sure if I could
feel it before, but I
definitely can't now!

A close-up photograph of a fluffy tabby cat with striking blue eyes, sitting in a snowy environment. The cat's fur is a mix of brown, tan, and white, with distinct dark stripes. It has a white patch on its chest and belly. The background is a soft, out-of-focus white, suggesting a snowy landscape. The text "The snow is no match for me!" is overlaid on the right side of the image in a black, handwritten-style font.

The snow is no
match for me!

I could be curled up
by a great big roaring
fire right now...

My Nutcracker
audition is coming up!

Say cheese!

Maybe, just
maybe we
shouldn't
have made
the snowman
so tall

White to the left, white to
right. Yup, I'm lost

Is this what it comes
to? A life defined by
cold wet paws?

SNOWBALL
FIGHT!

This snow is
gonna melt
before I finish
my sculpture!

None of us
will be allowed
inside until
the one who
ate the budgie
owns up!

I never really was the
outdoorsy type

I've been
looking for my
home for hours

What do you
mean you can
still see me?

My heart is as
cold and hard
as this winter

NINJA
ATTACK!

All this snow AND I'm put on
a lead. As if I'm no better
than a stupid dog...

What did you say?
An Autumn-Winter
clearance sale at
the petstore?!

The stress of the
festive period is
really getting to me

I'm not sure I've quite
figured this out yet...

I may have eaten one
too many mince pies
this Christmas

Have you read *Dogs in Snow*?

Onwards! To Glory!

I was born
to be wild!

BAD SLOPE FOR SLEDGING,
BAD SLOPE FOR SLEDGING!

CATS IN SNOW

When you think of cats you see them snuggled up by the fire, playing with string, cleaning their whiskers, or curled up on someone's lap. You don't think of them paw-deep in snow! But this fantastic new collection, *Cats in Snow*, captures just that. In this stunning compilation, see cats as you've never seen them before.

From tortoiseshells to tabby cats, feisty felines to curious kittens; whether they're up trees, under cars, or buried up to their necks, these cats are truly at their most majestic when they are in the snow.
